### **TARIFF FOR PRIVATE PHONOGRAM REPRODUCTION AND STORING**

In the case of licensing phonogram reproduction and storing directly to establishments and specifically to the hard drives of the computers in their venues, according to art. 47 par. 1 and provided such actions are not already permitted by a relevant license, for the exclusive scope of public performance within these establishments, the annual fee is determined as follows:

- 150€/per hard disc/per venue, for establishments where use of music is only useful for their operation (e.g. retail stores, restaurants, etc).
- 250€/ per hard disc/per venue, for establishments where use of music is definitely useful for their operation (e.g. café, café-bar etc).
- 700€ per hard disc/per venue, for establishments where use of music is definitely necessary for their operation (e.g. clubs, night-bars, discos etc).

The above tariff includes not only the hard drives of PCs but also all the technically available storing devices, on which phonograms can be copied and stored and used for public performance, like indicatively and not exclusively: USBs, CD-Rs, memory sticks, memory cards, portable hard drives etc

In the event of seasonal operation of the establishment, a 50% discount applies on the above fees.

*Note: On the above amounts is added the applied VAT, according to the Greek legislation*
